

400 Next Generation Nailers Powered by PSI technology

The MAX PowerLite 400 PSI tools are approximately 30% lighter, have 30% more power and are 40% smaller than most competitors' tools.

MAX

PowerLite™

Max HS90 High-Pressure Framing Stick Nailer

Item No. HS90

FEATURES

- Drives special double paper KCM nails from 2 $\frac{3}{8}$ " - 3 $\frac{1}{2}$ " (.113 - .162), 8d - 16d
- Powered by the 400 psi high pressure system
- Anti-double fire mechanism
- Small and compact, tool height less than 13"

Max HN75/HN90 High-Pressure Framing Coil Nailers

Item Nos. HN75 and HN90

FEATURES

- HN75 drives flat-wire welded nails from 1 $\frac{3}{4}$ " - 3" (.099 - .148), and plastic sheet collated nails from 1 $\frac{3}{4}$ " - 3 (.099 - .113)
- HN90 drives flat-wire welded nails from 2" - 3 $\frac{1}{2}$ " (.099 - .148), and plastic sheet collated nails from 2" - 3" (.099 - .113)
- Powered by the 400 psi high pressure system

Max HN65 High-Pressure Siding Coil Nailer

Item No. HN65

FEATURES

- Drives flat-wire welded nails from 1 $\frac{1}{2}$ " - 2 $\frac{1}{2}$ " (.099 - .148), and plastic sheet collated nails from 1 $\frac{1}{4}$ " - 2 $\frac{1}{2}$ " (.099 - .113)
- Powered by the 400 psi high pressure system
- Anti-double fire mechanism
- Reduced recoil trigger system (Patent Pending)

Max HN65J High-Pressure Joist Hanger Coil Nailer

Item No. HN65J

FEATURES

- Drives flat plastic sheet collated nails from 1 $\frac{1}{2}$ " - 2 $\frac{1}{2}$ " (.131 - .162)
- Powered by the 400 psi high pressure system
- Maintenance free end cap filter
- Dial adjustable depth control
- New durable locator
- Reduced exhaust air system

Max HN25C High-Pressure Drywall Track Nailer

Item No. HN25C

FEATURES

- Drives plastic sheet collated concrete pins from $\frac{3}{4}$ " - 1"
- Powered by the 400 psi high pressure system
- Dial adjustable depth of drive control
- Side exhaust with built-in silencer
- Unique tangle-free swivel hose fitting

Max HN120 High-Pressure Concrete Pin Nailer

Item No. HN120

FEATURES

- Drives plastic-sheet collated pins from 1" - 2 $\frac{1}{2}$ "
- Powered by the 400 psi high pressure system
- Enough power to drive .300" head pins into concrete or $\frac{1}{4}$ " steel
- Small and compact, tool weighs 6.4 lbs. and is only 12 $\frac{3}{4}$ " long

Max AKHL1050E 400 PSI High Pressure Direct Drive Compressor

Item No. AKHL1050E

FEATURES

- 400 PSI air compressor developed for "PowerLite" next generation high pressure nailers; can also be used for regular 80-120 PSI tools
- Four total outlets: Two 400 PSI and two 80-120 PSI outlets
- 2 HP Electric Brushless Motor with inverter
- Air displacement: 3.5 CFM @ 100 psi; 2.8 CFM @ 300 psi
- Tank holds 2.6 gallons at 400 PSI (equivalent to 8.3 gallons at 100 PSI)
- 13.75" long x 23.5" wide x 11.25" high; weighs 51.7 lbs.

This compressor is used to power the Max High Pressure tools shown above as well as 80-120 PSI tools.

High Pressure Accessories

- Item No. AKTH5 1.3 Gallon Air Tank
- Item No. KH100FT 100' Air Hose
- Item No. KH50FT 50' Air Hose
- Item No. ARC-H1 Splitter MFF
